

This following list is based on the requirements set forth in the most recent version of the “Cash for Clunkers” bill and was compiled on June 11, 2009.

We compiled this list by searching the Edmunds.com vehicle database for models that have an average fuel economy of 18 mpg or less and for which at least one of the styles of that vehicle has a current average national trade-in [True Market Value](#)[®] price (assuming clean vehicle condition and average mileage) of \$4,500 or less. Accordingly, it is possible that some styles of a model may have a value higher than \$4,500, and that the value of a particular vehicle may be higher because it is in exceptional condition or has very low mileage.

Please note that almost all vehicles that are model year 1989 or earlier have a trade in value of less than \$4,500, and for that reason we have not included them on this list. Exceptions include vehicles that had limited production runs, such as the 1984-86 Buick Regal T Type Turbo, the 1985-89 BMW 6 Series 635CSi, and the 1987-89 Porsche 911 Carrera – as well as most collector and exotic vehicles.

To obtain a customized appraisal for your specific vehicle, please [click here](#).
